In the presentation, it was mentioned that the Bible tells us at least 365 times to “fear not.” In other words, God is commanding us to not live in fear, or to conduct ourselves in business with a spirit of fear or worry. Fear is a close cousin to “worry,” and the Bible calls worry a sin.

There are two parts to preparing for your next Roundtable Meeting. You are to complete each part and come prepared for discussion at your next Roundtable.

Part 1: Answering the questions in Part 1

Part 2: Responding to the questions in Part 2

Part 3: You are to research and find at least 5 verses in the Bible related to fear. Write those verses in the space provided below. Then identify issue(s) you are currently facing, and write out how the verses you feature relate to the issue(s) you identify.
