

## The Challenge: ++

**The world has changed. People have changed.** People can feel it at home, at the office, at church and in almost every aspect of life.

**Most Americans are working more hours now than ever before.** They are spending more of their waking hours each week at work or at work related functions than they do with their families, sleeping, eating, at church or any other activity.

**Being a successful Christian business leader in today's world is challenging.** Business leaders often feel alone as they make tough business decisions. They need help living out their faith and trying to balance life's demands.

## The Opportunity: ++

**The Truth@Work Christian Business Roundtable Group may be the answer & opportunity business leaders are looking for.** It has been for hundreds of other Christian business owners and leaders for over 10 years.

**Consider becoming a partner with Truth@Work** and introduce Christian business leaders to a Christian Business Roundtable Group.

**John Corliss - COO Defender Direct**

*"Whatever you do, work at it with all your heart, as working for the Lord, not for men."*
